City of Shorewood Council Meeting Item

Title/Subject: Western Shorewood Stormwater Plan

Meeting Date: January 27, 2020

Prepared By: Greg Lerud, City Administrator

Reviewed By: Larry Brown, Director of Public Works

2
MEETING TYPE WORK SESSION

Attachments: Barr Engineering Report

Background: Due to a number of stormwater issues in the western part of Shorewood, the city engaged Barr Engineering to evaluate the present conditions and identify potential alternatives to address the issues in a comprehensive manner. Staff has met with Barr Engineering twice during the preparation of this report and included MCWD staff as the report has been developed.

Jen Koehler, Senior Water Resources Engineer at Barr, will be at the meeting to go over the report with the council. Staff has also been looking at how the recommendations can be incorporated into the city's infrastructure CIP. That information will be presented in draft form at the next work session.
