steps in the investigation of solid waste  
collection options. The link to information regarding  
the process is on the home page on the city's  
website to make it easy to find information. As  
a next step, staff is exploring the possibility of

## Tree and brush removal after storms

The wind storm earlier this week is a reminder that we have entered this year's storm season. Following more significant storms a couple of years ago, the City Council adopted a response policy for more significant events. The policy is on the city website under "City Document Library". Unless an emergency is declared by the City Council, it is the property owner's responsibility to remove and dispose of storm-damaged trees and brush from their property

### After a storm

- Contact more than one service to obtain a cost estimate for

the removal. Tree service contractors are required to be licensed by the city and a list is available on the city's website.

- Make sure the contractor has a certificate of insurance showing liability coverage, coverage for property damage, and worker's compensation.
- Clearly define what you expect the contractor to do.
- Contact your hauler to determine if they will pick up trees or brush and what amount is permitted along with any special arrangements for pick up.
- If you are not sure if an emergency has been declared,

check the city's website or call city hall at (952) 960-7900.

### Things not to do

- Attempt to remove or cut trees that are touching, or you believe are touching, power lines. Contact Xcel Energy to report outages or emergencies. The website is: [www.xcelenergy.com/outages\\_and\\_emergencies](http://www.xcelenergy.com/outages_and_emergencies), or text OUT to 98936, or call 800-895-1999.
- Place any storm damaged trees or brush in the right-of-way.

## Summer sealcoating of roads approved

Sealcoating roads is a method used in Shorewood to maintain the roadway surface. The road is covered with oil, followed by rock. The rock is left for several days, allowing cars to drive over the roadway before being swept by street sweepers. Residents are notified prior to the roadwork and are asked not to use sprinkler systems that hit the roadways prior to the coating. The roadway must be dry for the oil to adhere properly.

A final schedule has not been published, but will be on the city website under streets when available. The following roads will be sealcoated this summer:

*Boulder Bridge Drive  
Boulder Bridge Lane  
Burlwood Court  
Christopher Road  
Club Lane  
Eureka Road (south)*

*Fairway Drive  
Lee Circle  
Maple Leaf Circle  
Maple View Court  
Meadowview Road  
Nelsine Drive  
Oak Leaf Trail  
Orchard Circle  
Park Lane  
Shorewood Oaks Drive  
Star Circle  
Star Lane  
Sunnyvale Lane  
Sylvan Lane  
Valleywood Circle  
Valleywood Lane  
Wild Rose Lane  
Yellowstone Trail  
Smithtown Road*

If your road, or a road you frequently drive on, is on this list, please sign up for Road Construction Updates through the email updates on the city website. Homeowners will

originally be notified of the road project by mail or door hanger, but communication updates will be primarily through email.

If you do not have email access and would like road construction updates, call city hall, 952.960.7900, to be added to the alternative communication list. If you have additional questions please call city hall, or contact by email, [cityhall@ci.shorewood.mn.us](mailto:cityhall@ci.shorewood.mn.us).
