Resident/Property Owner

Re: Smithtown Road East Sidewalk Extension Project

Dear Resident/Property Owner:

You may be aware that the City Council awarded the contract for the Smithtown Road East Sidewalk Extension Project at their regular meeting on August 24, 2015. The contract was awarded to S. M. Hentges & Sons, Inc. The project contractor is anticipated to begin work the week of February 22, 2016.

The Smithtown Road East Sidewalk Extension Project extends along the south side of Smithtown Road from the Lake Minnetonka Regional Trail to Country Club Road and includes the sidewalk, concrete curb and gutter, storm sewer, bituminous paving and restoration.

A tentative construction schedule, as submitted by the Contractor, is shown below:

Week of February 22, 2016..... Begin tree trimming and tree removals
Week of May 2, 2016 Begin sidewalk and storm sewer improvements

This schedule is tentative and may need to be adjusted depending on weather conditions and staging of the contractor operations. The Contractor will be required to submit a revised schedule in the spring of 2016 prior to the start of construction. A second letter will be mailed to residents informing them of a more detailed schedule.

It will be the project team's goal to minimize the impact to residents during construction activities. As with all construction projects, patience and communication are the greatest assets to completing a successful project. Therefore, we request your patience in dealing with construction issues and invite you to contact us with your questions, comments, and concerns as they arise throughout the project.

If you have any questions, please contact me at PHornby@ci.shorewood.mn.us or 952-960-7910.

Sincerely,

Paul Hornby, PE
City Engineer
